Mechanicsburg, Ohio

IT WILL SOON BE SEEDING TIME

Another holiday season has come and gone and a new year is well started. Some folks have already ordered seed and shipment has been made. Many others will be ordering in the next few weeks. Much of our seed is in or will soon arrive and with few exceptions there will be adequate supplies of all items.

We think Scott customers will be well pleased with the high quality of seed this season. Clean, noxious weed free, high germinating seed is still the most economical to use and produces the most satisfactory crops. While prices for good seed average but little above those of a year ago we have noticed more off quality "bargain type" seed being offered. Low priced seed always has something wrong with it and there is no reason for an exception now.

SEED OATS - We wish we could have had more Clintons. A few bushels of Indiana Certified were offered last week at eight dollars and we understand some have been sold at fifteen dollars per bushel. By another year more will be available and at reasonable prices. High purity Columbia seed is scarce as the Viclands have largely taken over the acreage where Columbias were grown. The uncertified Viclands offered are from certified seed and all oats and barley are well cleaned and treated.

CLOVERS - ALFALFA - The seed is good quality and nice in color. Northern grown Grimm is not listed as it has been so much out of line in price compared to other good alfalfa varieties. Buffalo and Ranger alfalfa and Birdsfoot trefoil seed is limited but other clover and alfalfa seeds are ample.

MEADOW - PASTURE MIXTURES - Contain only top quality seed. They are convenient to order and sow; and Experiment Station recommendations are closely followed in the formulas used. More customers each year are ordering Scott Mixtures and are reporting excellent hay and pasture crops.

HYBRID CORN - "Select a Hybrid to Fit Your Farm" which we hope you will like, is enclosed. All Scott hybrid seed is graded for width, length, and thickness, is treated, is high in quality and germination. Tests have consistently run above 95% strong sprouts. Most varieties are or soon will be ready for shipment.

SOYBEANS - We wish we knew the answer on soybean seed supplies. With high prices for beans at harvest for milling purposes, many farmers sold their entire production and we don't believe seed will be too plentiful. Please notice that our quotations include inoculation at no additional cost.

We always enjoy your letters and suggest your order be placed soon.

Very truly yours,
SCOTT FARM SEED COMPANY

Seed Price List

January 20, 1947

"SCOTT'S" grade is the highest quality seed available. It is carefully selected and thoroughly re-cleaned. Noxious weed free. May contain 0.10% to 0.25% other crop seed and in most cases will test 99.60% pure.

SPECIALS: The grades marked "Special" may be slightly off in appearance or contain one or two percent of other clovers or crop seed. This seed is clean and perfectly safe to sow.

MEADOW MIXTURES

Seed 12—16 lbs. per acre

For High Lime Soils

Scotts Alfalfa Mixture	\$42.50 cwt.
Alfalfa 7 lbs., Red Clover 4 lbs., Timothy 4 lbs.	

For Medium Lime Soils

Scotts Red Clover Mixture	\$42.00 cwt.
Red 6 lbs., Alfalfa 2 lbs., Alsike 2 lbs., Timothy 5 lbs.	

Where Soil is Acid or Drainage is Poor

Scotts Red Clover, Alsike	\$41.50 cwt.
Red 6 lbs., Alsike 3 lbs., Redtop 2 lbs., Timothy 5 lbs.	

Where Lespedeza is Adapted

Scotts Lespedeza Mixture	\$32.50 cwt.
Lespedeza 5 lbs., Red 4 lbs., Alsike 2 lbs., Timothy 4 lbs.	

PASTURE GRASSES

Kentucky Bluegrass (Fancy)	\$1.20 lb.
Redtop (Fancy)	.23 lb.
Orchard Grass	.28 lb.
Meadow Fescue	.35 lb.
Reed Canary Grass	.68 lb.
Ryegrass (Annual)	.13 lb.
Ryegrass (Perennial)	.22 lb.

SCOTT'S PASTURE MIXTURE

\$39.50 cwt.

A balanced, widely used mixture of legumes and grasses containing ladino clover for establishing highly productive permanent pastures. Contains alfalfa, red clover, alsike, ladino, Kentucky bluegrass, redtop, timothy, orchard grass and ryegrass.

SPECIAL PASTURE MIXTURE

\$27.50 cwt.

A good mixture where lespedeza can be grown successfully. Forty percent legumes by weight. Contains alsike, white clover, lespedeza, ryegrass, redtop, timothy and orchard grass.

Pasture mixtures are sown 20 to 25 lbs. per acre for new seedings and 10 to 15 lbs. per acre for reseeding an established pasture.

TIMOTHY

Scotts Timothy	\$4.75 bu.
Special Timothy	4.50 bu.

Always inoculate legumes

Hairy Vetch	\$.22 lb.
Dwarf Essex Rape	.18 lb.

SMOOTH BROME GRASS

Southern Type	\$33.00 cwt.
Northern Type	28.00 cwt.

Scotts Treated Seed Grains and Soybeans

All Seed Oats and Barley are treated without extra charge. Treatment improves stands, yields and quality of grain.

OATS AND BARLEY

Vicland (Certified)	\$2.00 bu.
Vicland (Uncertified)	1.70 bu.
Columbia (Uncertified)	1.70 bu.
Wayne (Certified)	2.00 bu.
Barley (Wisconsin 38—Smooth)	3.25 bu.

CROW REPELLENT for corn.....2 bu. size \$1.00

SOYBEANS—INOCULATION INCLUDED

Earlyana (Certified)	\$4.50 bu.
Earlyana (from Certified)	4.25 bu.
Lincoln (Certified)	4.50 bu.
Lincoln (from Certified)	4.25 bu.
Black (Kingwa Type)	4.50 bu.

SWEET CORN

Golden Cross Bantam	\$.45 lb.
Certified Ohiogold No. 1	.50 lb.
Stowell's Evergreen	.30 lb.
Hybrid Popcorn (Purdue 38)	.70 lb.

TREATED HYBRID SEED CORN

Scotts Hybrid Corn has been graded for width, length and thickness and will plant easily and accurately in any make of planter. It is treated for protection against disease. The round kernels are graded uniformly and will yield just as well as the flats but special plates are usually required for accurate planting. These plates are available for most standard planters.

EARLY MATURING HYBRIDS

	Round Grade	Flat Grade
Scotts 11	\$6.75 bu.	\$9.25 bu.
Scotts 22	6.75 bu.	9.25 bu.
Ohio M 34	6.25 bu.	8.75 bu.
Ohio K 24	6.25 bu.	8.75 bu.
Ohio K 35	6.25 bu.	8.75 bu.

MEDIUM MATURING HYBRIDS

	Round Grade	Flat Grade
Scotts 66	\$6.75 bu.	\$9.25 bu.
Iowa 939	6.25 bu.	8.75 bu.
Ohio W 17	6.25 bu.	8.75 bu.
Ohio W 36	6.25 bu.	8.75 bu.
Indiana 610		8.75 bu.

MEDIUM LATE HYBRIDS

	Round Grade	Flat Grade
Scotts 77	\$6.75 bu.	\$9.25 bu.
Iowa 4059	6.25 bu.	8.75 bu.
Ohio C 38	6.25 bu.	8.75 bu.
Scotts 99	6.75 bu.	9.25 bu.
U S 13	6.25 bu.	8.75 bu.

Silage Blend Flats—EARLY—LATE.....\$5.00 per bu. Kentucky 203 (White) flat grade only.....\$9.25 per bu.

ROUNDS—Only medium and large rounds are offered. Carefully graded, high in germination, produce strong plants, and will yield as well as flats at a saving in seed cost. The same grades are available each year.

SILAGE BLEND FLATS—Early and Late hybrid blends are offered, with the Early recommended for short season use, Late for full season plantings. All seed is uniformly graded for width, length and thickness, is above 90% germination, is treated, and consists of medium small flat kernels. Maturity variation within each blend does not exceed 10 days. Will plant 8 to 10 acres per bushel. High yields of ears and fodder in the right balance for top quality feed.

SCOTTS 11—Fully as early as Ohio M 15. Large ears for an early hybrid. Has outyielded Ohio M 15. Sound dark yellow ears. Seed supplies limited for this year.

SCOTTS 22—The maturity of Ohio M 34. Has been an excellent producer on different soil types. Good roots, sound ears, good quality fodder.

SCOTTS 66—One of the best medium maturing hybrids in the corn belt. Blight, corn borer and stalk rot resistant. High yields on a wide variety of soil types. Sound ears, husks easily, strong roots, good fodder.

SCOTTS XX—A medium maturing Hybrid to be released soon. Available in limited amounts for trial purposes free of charge.

SCOTTS 77—Maturity of Ohio C 38 and Iowa 4059 but cribs earlier, Corn borer resistant, good quality fodder. Large deep kernel ears that husk clean and easily.

SCOTTS 99—Maturity of U S 13. Bred for more corn borer resistance and higher yield than U S 13. Dark green color. Can be used for ensilage or crib corn.
